Subject Happy New Year

Laura and Alexis,

I hope this finds you well and that you had a relaxing holiday. A very belated "thank you" for meeting with me in December. I really enjoyed our discussions and recently documented some of the goals we discussed in a letter to the Senate Rules Committee (the Legislative panel that will be conducting my confirmation hearing on January 18th).

The letter I sent to the Senate Rules Committee is attached for your information; items 1 and 7, in particular, reflect our discussions in December about priorities, targets and accountability -- also about looking into streamlining our TMDL adoption processes.

I was very pleased to learn at our December meeting how closely align we are in our philosophy and approach to water quality protection. It gives me great hope for a successful collaboration between our organizations in 2006!

Regards,

-Tam.
